Cleanroom Operator

Industry

Manufacturing

Description

Cleanroom Operator

Bee Happy Recruitment are proud to be working with a medical supply company based in Littlehampton.

Your day to day role will be working within a cleanroom assembly areas. Our operators

are required to assemble, test, inspect and package a range of medical devices. Each production area

produces around 30 different products, so, the work is varied and interesting.

Key responsibilities:

- Assembly of drug delivery and mainly single use disposable medical devices and inspection

of moulded parts.

- Inspection and testing of finished products.
- Checking and packing of finished products.
- Following company procedures and work instructions.
- Identifying non-conforming products and/or materials and bring them to the attention of

the room supervisor or quality control inspector.

Key attributes:

- Ability to work well as a team member.
- Good concentration and attention to detail.
- Capable of following instructions.
- A good work ethic and a willingness to learn new skills.

Training:

- Full training will be given for the production processes such as;

solvent bonding, RF welding, UV bonding, leak and block testing, packaging, labelling, sealing

machines as well as a host of other manufacturing techniques.
